## How to come all night

# The Big O

Last summer's heat spells were so intense that my friend Andrea cornered me just as I was falling asleep at a party. In a sympathetic tone, she said she understood how the heat could keep people awake all night and then leave them wiped out the next day.

"Actually," I confessed, "my AC was going full blast but I didn't get a wink of sleep because I was getting fucked by Paul, my latest boyfriend."

"A marathon," she sighed. "I wish I could do that."

"Why not?" I wanted to know.

"I'm not multi-orgasmic," was her answer.

"I'm not either, but marathons don't have to be a series of orgasms. They can be an evening spent building up to one big one," I told her.

Since Andrea's wicked delight in hearing all the gory details is almost endless, and since sex is my favorite topic of conversation too, I filled her in on every delectable detail.

I don't always plan a marathon. Often they're spontaneous. But when I do plan ahead for one however, I try to eat a light dinner ahead of time. Sex before dinner is apt to leave me hungry and less willing to think in terms of a prolonged period of screwing. After all I have other needs too, as my stomach will probably be reminding me. On the other hand, if we both are full from a heavy meal, we're more likely to be sleepy rather than energetic.

If we drink, we drink lightly. We don't want alcohol knocking us both out, dulling our senses or making us lose control. A

little wine to relax us is nice, though not necessary.

All right, lovemaking—it isn't just suckee-fuckee. It's all the things two people can do to each other to make their bodies feel good. Hot. Sexually alive. Take Paul and me. We're pretty good examples, I think. It starts with the first kiss and the first touch. With us, the first touch is likely to precede the kiss.

It's frequently his hand in the middle of my back. He rubs, not a relaxing massage but a light little touch that is anything but relaxing. It's a clear signal. It supplies high-energy juice to my sensory system. He continues rubbing but expands his area. Usually what's next is the side of my neck. He strokes it lightly with the side of his forefinger, downstroking, till he can actually see the goosebumps.

Then he strokes my arm with the palm of his hand. By this

time I'm facing him and he looks straight into my eyes. Not one of those movie-fake bedroom looks, but a straightforward gaze that's perhaps not passionate but conveys emotion and desire.

He touches me all over my body in different ways. He may run a finger lightly along my knee, dusting it, adding a second and third and fourth finger till he's tracing a dusting path back and forth. Then perhaps he works down, not up. (No rush, remember?) He scrapes a fingernail along my leg, not painfully. The object of all of this is stimulation and sensory input; it doesn't have to be sensual, just sensory. The fingernail on my

leg, if done properly produces a shiver, not an unpleasant shiver either. Just a little something to wake up my body or any part of it that might somehow still be asleep.

His fingertips drift down my arms, from shoulder to wrist, over and over. Now down my fingers, the tips of his fingers tracing along the length of my fingers, first along the backs and then along the fronts.

Down the front of my body now; he lightly touches me from neck to navel, staying between my tits and not going below the bellybutton. The touch is light, teasing, not a serious turn-on ... and it's all the more hotter for that. Is there any other part of the body he feels like giving similar treatment to—my feet, my back, and my waist? He explores it all, but never anything distinctly sexual. He stays far, far away from my pussy, my boobs or any area immediately near them.

The next course is kissing. Using his lips to give me pleasure but still avoiding anything like deep passion, he brushes me all over my body. His kisses are light, soft and quick. These are not the lingering kisses of a guy who's intent on warming up his woman, nor the hard pressings of a man whose body is on fire and whose lips are transmitting the message.

Nor are these the deep searching kisses of a man who is seeking immediate gratification. No, these kisses are merely whispers of things to come or little hellos that tell me he's there. They greet my body all over, making me feel that every part of me is beautiful.

Don't think however that just because he's moving slowly and gently we aren't having sex. Nothing could be further from the truth! And don't think that just because we're moving slowly, I'm not feeling anything. Nothing could be further from the truth than that either!

The reaction is slow to build up, but it starts almost immediately. I feel it first as a quickened pulse throughout my body, a rapid circulation of the blood, a warmth in my body as if someone had turned up the thermostat in the room. Soon I feel it in my pussy, which feels as if it's humming. Then I feel it through my body again as I get hotter, and my whole being surges with excitement. Later, it will center in my cunt again.

So he makes love to me with his lips—little kisses, quick kisses, quiet kisses, lovingly greeting my body all over but still avoiding

*I manage though. I squat above him and touch my ass down to him, giving him a feel of my parted pussy lips*

any area that might be thought of as prime sexual territory. And it's always somewhere around this time that I notice his dick beginning to unfurl, as it straightens up and hardens up for the long evening ahead. It fills up to its proper size in visible pulses, one pulse and another pulse, moving and getting thicker each time. Then I make love to his body, just as he has been making

love to mine.

First my hands cover his body, site by site, till I have touched every inch of skin that seems caressable, and then I kiss him all over, softly and lightly, unhurriedly, just as he did with me. And just as he did, I avoid the hot spots or anything near them, leaving that all for later. From the way he stretches and then begins getting rigid in one muscle after another, I know that I'm having an effect on him. The sight of his stiffening dick also assures me that my efforts are not unappreciated. His love muscle bobs up and down, pointing at me, and it seems to look me in the eye when it points at my face.

I lie down and stretch out. It's a signal to Paul, and he gets on his hands and knees above me. The position enables him to hold his stiff cock above me and touch it down to me in various places. First here then there, his love muscle touches me, tantalizing me wherever it comes in contact with my skin. The tip of a breast or the side of a breast where it's fullest. The valley between my boobs. The top of my thighs. A spot just below the waist and above the navel. Just inside my knees. My neck, all around.

He lies down and I get up. It's harder for me; my pussy doesn't protrude as his shaft does. I manage though. I squat above him and touch my ass down to him, giving him a feel of my parted pussy lips, as they touch his belly or his hairy chest. When I get up, dew clings to the hairs of his chest. I descend again, letting him feel the cheeks of my ass and my

love hole. The more I do this the hotter I get, and the hotter I get the more my liquid emanates from my cunt. I touch down at various points, always lightly, but when I get up drops glisten on the area I was touching.

I sometimes dip my finger in my pussy at this point, so I can wet it and trace patterns on him with my juices. A meaningless pattern here, a meandering line there, an odd circle or half-moon someplace else. His arm, his leg, his chest and belly, his neck and face all have touches of my dew on

them, and the scent of it carries to him.

I'm a clean woman. I don't have an unpleasant odor. Every woman, however, has some scent to her pussy juice. Paul's pretty lusty and pretty savage, and very uninhibited. My dew on his neck turns him on as he gets a good whiff of it. I dab a little on his chin and the scent travels up to his nose. He can also reach down with his tongue and try to taste it, though it's always frustratingly out of reach.

Then we fuck a little; just a little. We rock really slow, slow and easy, stopping every couple of motions just to make sure we don't push ourselves too far too fast. He gently slides his dick into my eager pussy and leaves it there without moving, so I can feel its fullness spreading my sugar walls, and then he gently eases it back out of me. I try not to move too hard below him or above him, if we've chosen that position. I contract my muscles around his shaft and he lies still, captured within me and feeling my muscles grip him, but not moving at all.

Then he slowly slides his shaft out of me all the way and once again kisses my body all over, making love to me with his lips. This time he includes the hot spots he avoided before, but he pays only fleeting attention to them, concentrating on less sexually oriented centers like my elbows, my knees and my feet. Foot-kissing is an art in itself, and elbows and knees can become delightfully sexual when the proper touch is applied and the person doing the kissing has the right attitude. As for kissing necks, I'm sure you know how sexual that can be, without my telling you!

Of course I kiss him too. I love to kiss his ribs and burrow into the warmth under his arms, and I love to kiss his smooth hairless back, so sleek-skinned in contrast to his chest. I feel little jabs of heat pulse through my pussy as I kiss his shoulder blades and the small of his back, just above his ass. Then there is his ass itself, which I kiss all over the cheeks. Then I set my sights on the center of the target: his shaft and heavy-hanging balls.

I kiss his dick, making sure not to be overly affectionate. Speed would be self-defeating now and too much affection would speed things up too much. My attention is tender, loving, warm but cautious. My fingers follow my lips, idling across his body again and dallying at the nerve centers only briefly before moving on to less sensitive areas.

I know his body

like I have a lake down there. My thighs are quivering. My nipples are trying to tell me something too.

We take a break. One of us pours some wine, or if we don't feel like wine we'll sip a little water. I face him, looking at him as he sits on the bed, cross-legged. He stares at me with lustful admiration. I drink in the sight of his turned-on body more thirstily than I drink the wine. His lust emanates from his eyes and washes over me in waves. We just sit there though, not touching each other, and possibly not even saying a word.

Sometimes though we do talk. Once again we tell each other words of passion, sentences describing what we wish to do to each other, or phrases that describe what each of us would like the other to do to us. As I tell Paul how much I want to feel his hardness within me, I can feel the walls of my pussy contract as if around his shaft. I even feel the first jolt that runs through my pussy just before an orgasm. But I don't come; I just get hotter and then I cool down again, like a pot that's been brought to a rolling boil and is then reduced to a steady simmer.

While my body simmers, his balls boil and churn. He tells me so; he says he can feel them as if the contents were moving all around, bubbling and churning, like hot lead or some other melted metal that expands when it's heated and then needs an escape hatch. We face each other and as we talk about how we feel and what we want. We look at each other, our hot bodies and faces set in tense lines of need, our sex organs hard or wet, and our legs jittering with an effort to hold still.

We pause for a moment to cool off just a little, and then he slips inside me and fucks me as hard as he possibly can, for all of about five strokes. My body responds and I throw myself against him desperately, trying to engulf and capture his hard shaft within me and not let go of it, and I squeeze him to orgasm within my tight walls. At the end of those strokes he pulls away from me, though I fight hard to keep him there. If for any reason

he loses his willpower and doesn't pull back, I'll always push him away or pull myself away from him.

Stopping that way can be quite an unpleasant jolt, especially to him. To cushion the blow I keep his cock warm in my hand, squeezing it and holding it tightly but not moving it up and down. That could bring him off at this point, which is not what I'm trying to do. We haven't gone this far and kept it going this long for me to have him come off in my hand.

I bring him down gradually, holding and squeezing to provide some stimulation, letting his balls churn slower and his dick ease up its demands. When he has calmed down without cooling off totally, I trace little circles around the shaft with my finger and rub its head with a silk pillowcase. I may take a sip of wine and transfer a drop of it to the head of his dick with my tongue. He inserts two or three fingers into my pussy in order to keep me warm, though he carefully avoids my clit.

It hasn't taken me long to describe this, but I'm talking about hours of sex play. At this point we've been turning each other's bodies on for hours and hours and the strain is very great. We've built each other up slowly, brought each other up to peaks, and kept each other warm after descending from those highs. We both want to come very, very badly. Our sexual nerves are raw, our bodies are in rebellion at our tactics, and his cock and my pussy are pulling toward each other like magnets. My heart is pounding as if I'd run a marathon race. In fact, it has been a marathon, a long-term sex bout. It's even been a sort of race, a race in reverse to see who can cross the finish line last.

At this point in our single-orgasm sex session, we may simply have had enough. We may have reached a point of diminishing returns; we may both be too tired to continue. One of us may need to get up early the next day, or if it's an afternoon delight session one or both of us may have plans for the evening. If not, we may choose to go on. And on and on, in fact. We may carry this through for hours longer. But as I said, it's been hours already, and it's honorable to quit now if we want to.

If we decide to keep on going, it's pretty much the same thing again. That sounds boring, but believe me it isn't! The excitement mounts. The whole game is an exercise in keeping sexual tension within certain boundaries, not letting ourselves or each other

*He'll slide his manhood into me again and move slowly, rocking and sliding and slow-motion fucking*

come, yet not letting ourselves or each other cool down too far either. We both know how to orchestrate—when to let up, when to turn the heat on, when to stay in a holding pattern. Repetitions again and again never get boring or dampen our enthusiasm; they just make our desires stronger, our nerves tighter and our bodies more on edge.

At one point inevitably, it's time.

Our lovemaking crescendos and we agree it's time. He'll slide his manhood into me again and move slowly, rocking and sliding and slow-motion fucking. I match him. When we're both ready—really, really ready—he slams his body into mine, burying his cock as deep as it can go within me. I welcome it into my warmth as his body crashes into mine. His orgasm feels like a balloon popping within me. My body feels as if it is coming apart. I lie there in a million contented pieces on the bed, too exhausted to move and too happy to care.

Paul holds me, his well-worked dick slipping out of me as it shrivels quickly into nothingness. I feel his fluids seeping out of me; my pussy is drenched with our combined output of fluid. My body is drenched with sweat. My muscles ache, every single one, but they relax quickly now. Even if I don't fall asleep, I'm too exhausted and too relaxed to get up for anything, even a shower. I just lie there and tune in to my body, which feels satiated in every pore. Paul's balls appear to be smaller—an optical illusion I'm sure—though he says they feel smaller too. If I were a cat I'd be purring.

I'm not multi-orgasmic, no, but that doesn't stop me from my own marathons. I can keep going for just as long, just as many hours as the average multi-orgasmic woman, and I think my single orgasm—when I finally experience it—is not only as good as any other woman's but probably as good as many of theirs put together. Paul feels the same way: men are not nearly

as multi-orgasmic as women. They can bring multiple pleasures to women but cannot experience anything similar themselves.

Single-orgasm marathons may not be everyone's cup of tea, and they certainly aren't for every time. They also require a great deal of willpower. But if you can hold yourself back and pace yourself, and think of sex as something to savor along the way and not just something that's a race to the finish, then single "O" marathons can be a great addition to your sexual repertoire.

Angel's got the day off and the whole house to herself. But all she can think about doing is playing with her wet, aching pussy. Slipping off her panties she begins to swirl her fingers around her clit. Then she slides her fingers into herself and tickles her insides until her legs are shaking.

# MOUTHS AND PUSSIES AND COCKS, OH MY!

## PARTY ON

I was at the nearby frat's first house party of the school year. Frat boys holding red plastic cups full of kegged beer were everywhere, and everyone was having a good time. Towards the middle of the party and after a few brews myself, it started happening again. My pussy was telling me it wanted a man. I pictured him licking my pussy. Thinking about it gave me chills so I excused myself from my group of girlfriends to find one, and I did. He was on the couch talking to another girl.

I just couldn't go over there and disrupt them. I don't think either one would like it so I decided to text him instead. I went back to my girl group and one had his number. I went back to the couch-bound couple and sent him one. Within a few minutes he pulled out his phone and looked up and found me. Our eyes met and I mouthed to him that I needed him. He turned over to the girl and said something to her which gave him

permission to leave. He walked over to me and pulled me away from the couch. I whispered in his ear that I wanted him now and would not take no for an answer. In order to make it more enticing, I added that it wouldn't take very long and he would really like it. Then he could go back to that girl.

I grabbed his balls through his pants just to remind him how serious I was. He let out a deep moan. I let go. I didn't want the whole fucking party to see us with my hands in his pants!

We needed somewhere to be alone. I grabbed his hand and we wandered throughout the frat's mansion. True to form, all the bedroom doors were locked. I kicked the door of the last bedroom to no avail. He grabbed my waist and pulled me close and nibbled my ear before sucking and kissing my neck. I moaned. His right hand left my waist and worked its way down my dress. He touched my thigh before running his hand

up to my pussy and began teasing it. Soon I realized we were in the middle of the hallway and that just about anyone could see us. I broke off from his kisses and told him to follow me.

Finally we found a bathroom. I took off my heels and pulled him into the biggest stall I could find and locked the door, looked him right in the eyes and smiled. He kissed me passionately and during the kiss he unzipped my dress and it fell to the floor. I unfastened his belt and pushed it down to his knees. Then he broke off the kiss and picked up one of my legs by the thigh and touched my pussy with the other.

We continued kissing and he slowly put my thigh down after exploring my sex so I could stand. He took his shirt off and I kissed his chest down to his abs. Just as I put my hands on his underwear he backed off and got on his knees as he gently pushed me down so I could lie on my back. Then he crawled between

my legs and pulled my lacy panties aside to reveal my wet pussy. As he licked my clit slowly, I let out a gasp then a moan. He looked up at me as his mouth engulfed my mons and his tongue found my clit. I couldn't help but close my eyes and wait for him to do something more.

I opened my eyes and looked down to see his head get lost between my legs. My back arched in satisfaction as he slid three fingers in my pussy. I grabbed my boobs and watched his fingers slide in out of my pussy. His mouth and tongue licked my wet pussy clean. My hips bucked up and down and my juices flowed on his fingers. He pulled his fingers out and sucked all my juices off. He picked me up and pinned me against the cold bathroom wall. He leaned in and kissed me then surprised me when his dick rammed into my pussy hard and fast. In and out in and out.

I moaned loudly and placed my hand on my clit and rubbed it in circles while he was still fucking me. Suddenly, he stopped fucking me

and turned me around. My back is now facing him. He runs his hands up and down my body and slaps my ass again. He shoved his dick into my wet pussy; his balls continued hitting my pussy for awhile.

I felt my body tense up and a sensation ran throughout my body. My knees were giving in again and I couldn't even keep the rhythm of his fuck. I was going to cum any second now. His arms wrapped around me and rubbed my pussy around in circles until I was a melted bowl of ice cream. I slid down on the tile floor where my orgasm subsided. When my eyes opened I found him on top of me. I stroked his rock hard cock, then I squeezed it hard. I pushed him off from being on top of me and got on all fours and crawled over to him. I took his cock in my mouth and tasted my juices on his dick.

I teased his hard on by swirling my tongue around the head. Then I stroked it hard and fast, the way every guy likes it. His eyes shut, his head tilted back and I felt his cock tense up. I gave it one last hard

squeeze and as I let go, his cum squirted out fast and thick.

I laid on my back beside him and played with myself. I grabbed my boobs and inserted two fingers in my pussy. I rubbed my clit in circles and moaned as my feet started to curl. He watched me masturbate and my body froze with the echoes of my moans from my orgasm filling the bathroom. And, apparently, the hallway and the entire frat house.

I looked up and there must have been twenty people straining to get a look into the stall and applauding. I grabbed at my clothes but they had taken them and left me completely naked. I recovered quickly and tried to make the most of it by yelling "Next!"
